

# SAFETY DATA SHEET

US OSHA Hazard Communication Standard (29 CFR 1910.1200) and Canada WHMIS 2015 which includes the amended Hazardous Products Act (HPA) and the Hazardous Products Regulation (HPR)

Issuing Date 30-June-2023	Revision Date	30-June-2023	Revision Number 4
1. Identification			
Product identifier			
Product Name	Water Column Clarifier		
Other means of identification			
Synonyms	None		
Recommended use of the chemical Recommended use	and restrictions on use Organic waste control		
Restrictions on use	For professional use on	у	
Details of the supplier of the safety	data sheet		
Manufacturer Address Naturalake Biosciences 2310 Daniels St. Madison WI 53718 USA 1-888-757-9575			
E-mail	info@teamaquafix.com		
Emergency telephone number	Chemtrec 1-800-424-93	00	
2. Hazard(s) identification			
<u>Classification</u>			

This product is <u>not</u> considered hazardous by either the US 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200) or the Canadian Workplace Hazardous Material Information System (WHMIS 2015)

#### Label elements

Hazard statements Not classified.

#### Other information

No information available.

# 3. Composition/information on ingredients

#### Substance

Not applicable.

### <u>Mixture</u>

Chemical name	CAS No	Weight-%	Information Review	Date HMIRA filed and date exemption granted (if applicable)
Proprietary blend	Х	Х	-	-

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

# Revision Date: 30-Jun-2023

develops and persists. Remove contact lenses, if present and easy to do.       Skin contact     Wash skin with soap and water. Get medical attention if irritation develops and persists.       Ingestion     Rinse mouth. Never give anything by mouth to an unconscious person. Do NOT induce vorting. Call a physician. Drink pleth of water.       Most important symptoms and effects. both acute and delaved.     Symptoms       May cause nausea or diarrhea.     Effects of Exposure       Indication of any immediate medical tention and special treatment needed.     Note to physicians       Treet symptomatically.     Treat symptomatically.       5. Fire-fighting meaures     Ves extinguishing measures that are appropriate to local circumstances and the surrounding environment.       Specific hazards arising from the serion available.     No information available.       Specific hazards or fire-fighters     None       Specific hazards or fire-fighters     None       Specific hazards or fire-fighters     None       Specific hazards arising from the spersonal protective equipment and special protective equipment and the surround available.       Specific hazards arising from the spersonal protective equipment and spersonal protective equipment.       Methods for colaning up	4. First-aid measures	
Fye contact     Rinse thoroughly with plenty of water, also under the eyelids. Get medical attention if initiation develops and persists. Remove contact lenses, if present and easy to do.       Skin contact     Wash skin with soap and water. Get medical attention if initiation develops and persists. Remove contact lenses, if present and easy to do.       Most important symptoms and effects. both acute and delayed.     Symptoms       Most important symptoms and effects. both acute and delayed.     Symptoms       Symptoms     May cause nausea or diarrhea.       Effects of Exposure     No information available.       Indication of any immediate medical attention in special freatment needed.     Note to physicians       Stripping the symptoms     Treat symptomatically.       5. Fire-fighting measures     servironment.       Unsuitable extinguishing media     No information available.       Explosion data serviron data serviron methemetical impact None     Noinformation available.       Special protective equipment destinguishing metasures should wear self-contained breathing apparatus and full firefighting turnout gear.       Use prisonal protection equipment.     Seconduction sequences       Special protective equipment desting apparatus and full firefighting turnout gear.     Use personal protection equipment.       Accidental release measure     Inedeguale ventilation.     Seconductione	Description of first aid measures	
develops and persists. Remove contact lenses, if present and easy to do.       Skin contact     Wash skin with soap and water. Get medical attention if irritation develops and persists.       Ingestion     Rinse mouth. Never give anything by mouth to an unconscious person. Do NOT induce working. Call a physician. Drink plenty of water.       Most important symptoms and effects. both acute and delaved.     Symptoms       Symptoms     May cause nausea or diarrhea.       Effects of Exposure     No information available.       Indication of any immediate medicatattention and special treatment needed.     Note to physicians       Note to physicians     Treat symptomatically.       5. Fire-fighting meaures     Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.       Unsuitable extinguishing media     Voi information available.       Sensitivity to mechanical impact South over selecontained breathing apparatus and full firefighting turnout gear.       Sepecific hazards arising from the South exter delaver protecture equipment and cleaning up       Sepecific hazards arising from the Chemical impact None       Sensitivity to mechanical impact None <	Inhalation	Remove to fresh air.
Ingestion     Rinse mouth. Never give anything by mouth to an unconscious person. Do NOT induce vonting. Call a physician. Drink plenty of water.       Meat important symptoms and effects. both acute and delayed.     Symptoms     May cause nausea or diarthea.       Effects of Exposure     No information available.     Note to physician     Trait symptomaticality.       Stree-fighting measures     Teat symptometicality.     Stree-fighting measures that are appropriate to local circumstances and the surrounding environment.       Unsuitable extinguishing media     Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.       Specific hazards arising from the invitonment.     None information available.     Stree-fighting turnout gear.       Specific hazards arising from the invitonment.     None information available. **Control parameters** 

**Exposure Limits** 

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region-specific regulatory bodies.

## Appropriate engineering controls

Engineering controls	Showers Eyewash stations Ventilation systems
Individual protection measures, suc	ch as personal protective equipment
Eye/face protection	Wear safety glasses with side shields (or goggles).
Hand protection	Wear suitable gloves.
Skin and body protection	Wear suitable protective clothing.
Respiratory protection	No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.
General hygiene considerations	Handle in accordance with good industrial hygiene and safety practice.

# 9. Physical and chemical properties

## Information on basic physical and chemical properties

Appearance Physical state Color Odor Odor threshold	Liquid Light tan Natural No information available	
Property pH Melting point / freezing point Initial boiling point and boiling range Flash point Evaporation rate Flammability	<u>Values</u> 7.0 - 7.5	Remarks • Method No data available No data available No data available No data available No data available
Flammability Limit in Air Upper flammability or explosive limits Lower flammability or explosive limits Vapor pressure Vapor density Relative density Water solubility Solubility(ies) Partition coefficient Autoignition temperature Decomposition temperature Kinematic viscosity Dynamic viscosity	1.0 Soluble	No data available No data available No data available No data available @ 25°C No data available No data available
Other information Explosive properties Molecular weight Oxidizing properties Softening point Molecular weight VOC content Liquid density Bulk density	No information available. No information available No information available No information available No information available No information available No information available No information available	

# 10. Stability and reactivity

Reactivity	None under normal use conditions.
Chemical stability	Stable under normal conditions.
Possibility of hazardous reactions	None under normal processing.
Conditions to avoid.	Incompatible materials
Incompatible materials	Strong acids, Strong bases, Alkali.

Hazardous decomposition products None known based on information supplied.

# **11. Toxicological information**

Information on likely routes of exposure Inhalation Specific test data for the substance or mixture is not available.				
Eye contact	Specific test data for the substance or mixture is not available.			
Skin contact	Specific test data for the substance or mixture is not available.			
Ingestion	Specific test data for the substance or mixture is not available.			
Symptoms related to the physical, o	chemical, and toxicological characteristics.			
Symptoms	No information available.			
Acute toxicity				
Numerical measures of toxicity	No information available.			
Delayed and immediate effects as w	ell as chronic effects from short and long-term exposure			
Skin corrosion/irritation	No information available.			
Serious eye damage/eye irritation	No information available.			
Respiratory or skin sensitization	No information available.			
Germ cell mutagenicity	No information available.			
Carcinogenicity	No information available.			
Reproductive toxicity	No information available.			
STOT - single exposure	No information available.			
STOT - repeated exposure	No information available.			
Aspiration hazard	No information available.			

# **12. Ecological information**

## Ecotoxicity

Test species	Toxicity value type	Toxicity value	Toxicity value units	Exposure
Ceriodaphnia dubia	LC50	18946.5	mg/L	48 hours
Pimephales promelas	LC50	16493.8	mg/L	96 hours
Persistence and degradability	No information a	vailable.		
Bioaccumulation	No information a	No information available.		
Other adverse effects	No information a	No information available.		

# 13. Disposal considerations

#### Waste treatment methods

Waste from residues/unused products	Dispose of in accordance with local regulations, Dispose of waste in accordance with environmental legislation.
Contaminated packaging	Do not reuse empty containers.
14. Transport information	
DOT	Not regulated
TDG	Not regulated
IATA	Not regulated
IMDG	Not regulated

## 15. Regulatory information

#### Safety, health, and environmental regulations/legislation specific for the substance or mixture

#### International Regulations

The Montreal Protocol on Substances that Deplete the Ozone Layer Not applicable

The Stockholm Convention on Persistent Organic Pollutants Not applicable

#### The Rotterdam Convention Not applicable

#### International Inventories

Contact supplier for inventory compliance status.

\*Contact supplier for details. One or more substances in this product are either not listed on the US TSCA inventory, listed on the confidential US TSCA inventory, or are otherwise exempted from inventory listing requirements.

#### **US Federal Regulations**

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product <u>does not</u> contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

#### SARA 311/312 Hazard Categories

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SOS for appropriate classifications.

#### CWA (Clean Water Act)

This product <u>does not</u> contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

#### **CERCLA**

This material, as supplied, <u>does not</u> contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

#### **US State Regulations**

#### **California Proposition 65**

This product does not contain any Proposition 65 chemicals.

#### U.S. State Right-to-Know Regulations

This product does not contain any substances regulated under applicable state right-to-know regulations.

#### U.S. EPA Label Information

#### EPA Pesticide Registration Number Not applicable
